American Psychiatric Association Publishing, United States, 2003. Paperback. Condition: New. 3rd ed. Language: English. Brand new Book. The explosive growth in the neurosciencesAgrowth that prompted the 2002 publication of the timely fourth edition of The American Psychiatric Publishing Textbook of Neuropsychiatry and Clinical NeurosciencesAcontinues unabated. To make this vital information more accessible to residents and practitioners alike, the editors have created a unique Essentials volume based on that acclaimed textbook. Remarkably relevant and practical, this Essentials volume in clinical neurosciences joins an elite group of textbooks that comprise the core curricula of psychiatry and neurology residencies. It will also...
